We deliver food and set up the serving line for you, free of charge (long distance travel may cost an additional fee). If you would like us to be there to serve the food, there would be an additional hourly charge. We do not do dishes or clear tables. We also ask that you do not bother with cleaning any of our equipment, as we will do that when they are returned to us.

The date will be reserved as soon as we have confirmation from you.

We would like to have the menu set two weeks in advance. One week in advance, we need the number of people to be served. That is the number you will be billed for.
